

COUNTRY CLUB NAMES OFFICERS AND PLANS YEAR

Annual Dinner Tomorrow Night to Be Followed By Famous Club High Jinks

E. White Sutton was elected president of the Country Club for the ensuing year at a meeting of the new board of governors at noon today. This action followed the annual election last night of members of the board of directors. There are nine members of the board and three are elected each year.

The directors whose terms expired were E. White Sutton, William Simpson and G. H. Buttolph. Mr. Sutton and Mr. Buttolph were reelected and Fred C. Smith elected to take the place of Mr. Simpson.

At the election of officers today, Sutton was named president, E. J. Spaulding advanced from second to first vice-president and Dr. A. C. Wall named second vice-president. Mr. Buttolph was reelected secretary and J. O. Young chosen treasurer. The only other business transacted today was the naming of the chairman of the greens committee, George Angus.

The chairmanship of the house committee will be settled later.

The club is facing a year of good prospects and the generous cooperation shown in the offering of cups for competition has whetted interest. Tomorrow afternoon there will be a swopsake, starting at 1:30 o'clock. Afterwards will be held the annual stag dinner and high jinks, which always evoke unlimited fun and good fellowship. The dinner begins at 6:30, after which the high jinks will be on tap. Secretary Buttolph said this afternoon that some unusually good professional talent will be seen in singing and dancing.

The installation of the new officers will be one of the features of the evening, also announcement of presentation of trophies. The fine Wall & Donnelly shield, bearing the names of the Manoa Cup winners, virtually the club champions, is to be on display. H. F. Wickham, before leaving for the mainland, made known that he would offer a handsome golf cup. The conditions of competition are to be left entirely with the grounds committee, except that when the cup is won three times by any one player it becomes his property.

Army men have raised a substantial sum and sent away for an army cup which will be offered in competition. The Country Club already has a navy cup.

All members of the club are invited to the jollification tomorrow night and also cordially asked to bring as many friends as they please.

INVITE "FINANCIAL GROUP" TO COME TO "Y" TUESDAY NIGHT

Paul Super, general secretary of the Y. M. C. A., and Jay A. Urice, educational secretary, will visit the banks, insurance offices and trust companies this afternoon to invite the members of these concerns to be present at the Y. M. C. A. for the big open house event on Tuesday evening of next week. The association has invited the financial group to be present then, and the committee has announced that should any one be missed in the visits, they are nevertheless requested to come and join in the celebration.

The program for the evening will consist of sleight of hand tricks by Dr. R. D. Williams, piano solos by G. H. Von Geratoff, one of the leading artists in America; and a quartet composed of George Andrus, F. L. Hall, Stanley Livingston and F. B. Dunwell.

The Dutch steamer Laura, now at Rotterdam, was granted American registry.

Cheese with vegetables, fruit and hard bread of some kind makes a well balanced meal for summer time.

TABLE FOR EACH STATE OR NATION AT FLAG DINNER

Procession Will Precede Presentation of Banners to Queen Tomorrow Afternoon

Everything is now ready for the flag dinner procession at the Capitol grounds tomorrow afternoon at 2 o'clock, when Queen Liliuokalani will receive the banners presented to the Pan-Pacific Club from every Pacific country, state and colony.

R. K. Bonine will be present with his motion picture machine to record the events of the day, and each country of the Pacific will have its sons and daughters in costume in the parade that will accompany those who present the flags.

The Hawaiian band will play the national air of each country as the flag is presented, while the Philippines and perhaps some of the others will have bands of their own for their particular procession. The Boy Scouts will keep guard and assist generally.

There will be no formal speeches in the afternoon when the flags are presented to the Pan-Pacific Club through Queen Liliuokalani. She will merely receive them and pass them on to Prince Kuhio, who will in turn pass them to Mayor Lane, who will present them to the Pan-Pacific Club at its dinner at 8 o'clock in the big games hall of the Y. M. C. A., and here the regular presentation speeches will be made.

The 400 persons who have secured tickets for the dinner will meet in the cafeteria of the Y. M. C. A. at 5:45, the cafeteria and billiard room being cleared for the reception, and at 6 o'clock the ascent will be made to the games hall where about 20 beautifully decorated tables, each representing a state, country or colony of the Pacific will be in readiness. Each flag will be formally presented with a five-minute speech from the chairman of the table over which it flies.

The public is invited to witness the flag ceremonies tomorrow afternoon on the Palace grounds, and these will begin promptly at 2 o'clock when Grand Marshal Harry S. Hayward will start the procession from the old National Guard bungalow on the mauka side of the Capitol building.

SON OF HONOLULU MAN IS HELD AS PRISONER OF WAR

(Continued from page one)

Young Henriksen would soon be freed from the camp, the father gave vent to an exclamation of joy. "It will be a fine thing for my boy Alfred to have his freedom again," he said.

"The boy looks much like a German," said the father to a representative of the Star-Bulletin, "but he is not a German, and I was born in Norway."

"I do not know how long he has been in the camp, nor just how many prisoners are with him, but the number of his name as signed on the brief cards that come to us is something more than 6000, so there must be a large number of prisoners there."

Left on Framp Steamer.

The elder Henriksen went on to explain how his son Alfred, being of a wandering nature, shipped out of Honolulu seven years ago on the English tramp steamer Rocket, which was out from Australia. From this port the boat headed for the Orient, touching at various places along the coast of China and Japan.

"We have had post-card pictures from time to time," said the father, "showing us Alfred with tallow smeared on his face and he has served on since he shipped out of here. He went from here as a fireman. Finally he got on to a German boat and it is probable that his papers from this line were what did most to place him in the prison camp."

Secretary Thayer says that the cable from Washington probably came after the receipt of some message from the American ambassador in England, and that every evidence of young Henriksen's citizenship "will be forwarded to Washington at once."

"Johann Henriksen, the father, is not an American citizen," says Mr. Thayer, who has made a study of the case since the receipt of the cable, "but he probably could be made one easily if he cared to. The son can claim citizenship, however, on the ground of having been born here in Hawaii."

"The elder Henriksen had special rights as a citizen under the republic. During the days of the republic, the issuing of naturalization papers was stopped, in order not to impair the relations between the United States and Hawaii. As far as I know only one case is in existence where papers were issued during the period from 1894 to the year of annexation."

"Denization papers were issued, however, which gave persons the right to vote, and all other rights, except the right of actual citizenship. Under their issuing persons were not required to renounce allegiance to the mother country, a thing which Johann Henriksen never did."

Fearing a pest which destroys the mulberry tree, thereby menacing the silk industry, France has prohibited the importation of cut flowers from Italy between May 1 and November 1 each year.

ADORNMENT OF AD CLUBBERS TO BREAK RECORDS

Regalia Being Prepared for 100 Persons Who March With Zobo Band Tomorrow

All delegates to the Kaula Civic Convention are reminded that the steamer leaves from the Inter-Island dock Saturday night promptly at the hour of 10. At 9 o'clock all members of the Ad Club, and any other delegates who care to join the procession, will meet at the Young Hotel with the Hawaiian band and the Royal Zobo band, to march in regalia to the dock. Ad Club practice on stunts and zobo band will begin promptly at 8 o'clock tonight in the Young hotel.

The secret of the Ad Club regalia will be made public tomorrow night at the stroke of 9, when the big procession marches with music down the street. Although no hint of what the adornment will be has reached the press, it is known that provision is being made for about 100 persons, and previous demonstrations by the club warrant the statement that the decorations will be impressive, to say the least.

Tomorrow morning delegates from Hawaii and Maui will arrive on the Mauna Kea, spending the day here ready to leave with the Honolulu crowd when the boat pulls out at night.

A despatch from Hilo states that the delegates to Kaula have been instructed, on a vote by the board of trade, to work for the establishment of a permanent constitution for the convention from year to year. Hilo people are trying to put the convention upon a more permanent basis. It is understood.

In regard to the number of persons allowed to attend the convention, people in Kaula have written that although the number of delegates has been fixed by the Kaula officials, there is absolutely no restriction on other persons who wish to come.

They state that they have merely thrown out a caution in regard to suitable accommodations on the steamer and in Hilo town, because of the fact that persons who come "extra" may have to seek their own accommodations at the hotels.

WALDRON THINKS HILL DIRECTORS MEET TOMORROW

An Associated Press report published this morning stated that no meeting of the Great Northern officials was held yesterday afternoon, as had originally been planned for the purpose of taking action on the placing of the Great Northern on the Honolulu run.

Fred L. Waldron, who stated a few days ago that he expected to receive a cable from Cal Stone before next Sunday, said today that he doubts now if the meeting will be held before some time tomorrow.

"It is hardly possible," says Mr. Waldron, "that the meeting will be called into this afternoon, but that will be rushing Stone and Wiley pretty much to get down to it after landing at Vancouver yesterday."

Raymond C. Brown of the Chamber of Commerce is one of those who are sure that the two representatives will advocate the placing of the big ship on a six months' schedule, beginning November 6.

Mr. Brown takes his belief upon several hints dropped by Mr. Stone, while here, namely, that the coast run would not pay the company during the winter, that the boat could not afford to be idle, and that the trip down here last winter was a piling one.

MUST BEHAVE FOR 13 MONTHS OR BE JAILED

The case of Rose Crumley, et al, brought three young women, alleged to have reputations of a shady nature to Circuit Judge Ashford's court today to answer charges of disorderly conduct brought against them in an indictment returned by the territorial grand jury.

Although they were tried once before on the same charge, the jury having disagreed, the three women today admitted that they were guilty of the charge. When the matter of sentence came up, City Attorney Brown explained to the court that the three women have behaved themselves rather fittingly since their arrest, and suggested that each be given a suspended sentence of 13 months. The court so ordered.

Word was received this afternoon that Duke Kahanaokalani, who was entered in the race events at the Y. M. C. A., will not compete in any of them. His entry blank was received by the association and it was supposed that he would take part in the swimming events for the Hui Nalu Club. Duke stated this morning that he had been rowing, and did not feel justified in jumping into a race without preliminary training, as there were many fast men entered in the different events.

NATIONAL GUARD NOTES

In the absence of Col. Riley, Major Gustave Rose will assume command of the 1st Infantry, National Guard. Capt. J. M. Canara will act as quartermaster during the time Capt. Henry P. O'Sullivan is away.

Tealto Appear At Bijou With NoBurntCork

Raymond Teal, in black face make-up, as he is best known to Honolulu theater-goers.

Judging from the inquiries which are being made, the telephone calls which are coming in daily to the Bijou theater and the interest that the public in general is taking in the arrival of the Raymond Teal Company on the Wilhelmina next Tuesday, the management of the Consolidated Amusement Company is of the opinion that on next Thursday night when the curtain rings up on the initial performance in Honolulu of this company it will be a record breaking attendance which will fill the Bijou theater.

Seats for the opening performance, as well as for Friday and Saturday nights will be put on sale at the Bijou theater on Monday morning.

The Raymond Teal Company will open its season here with "The Time, The Place and The Girl," a musical farce comedy, full of amusing situations, sparkling dialogue and replete with the song hits.

Raymond Teal, who has been doing "black face" character for the last 20 years in nearly every city and hamlet in the United States, will be seen in Honolulu for the first time next Thursday in an entirely new role, that of Nicotina, an Italian organ grinder, in playing this character on a recent tour of California, many of Teal's old friends there, on witnessing "The Time, The Place and The Girl," failed to recognize him in the cast and on leaving the theater were heard to remark, "I wonder why Teal isn't with the show any more."

For fear that the same impression may be formed here on opening night, Walter Doyle announces that it is only in this bill that Teal appears in "white face."

"From then on," says Doyle, "it's back to the ebon stuff for Teal."

(Continued from page one)

load lot from east of the Rocky mountains ever filled by the marketing division.

Mr. Longley added that his office is not hesitating in selling the fruit on consignment, from the fact that a fair advance, above freight, has been made.

"We have to do it in order to get the business," he explained. "The pineapple business, as far as this office is concerned, has been scarce during the last few weeks, but it is beginning to pick up again."

Mr. Longley went on to say that the marketing division will have no trouble getting the necessary fruit. Eight hundred crates will be sent to the coast in the Lurline next Tuesday. There will be no difficulty regarding adequate transportation facilities, Mr. Longley added.

All the pineapples that will be shipped to San Francisco to fill the orders for two carloads will be secured from small farmers and homesteaders on Oahu, according to Mr. Longley. From now on, the division believes that prices for pineapples will be much better than during last July and August.

"The returns for July and August will be small owing to the great competition of California fruits, and the competition of pineapple shipments from Honolulu other than those from the territorial marketing division," Mr. Longley said.

If the shipments to Denver and Kansas City sell at the rate of \$1.75 a crate, the division figures that the local growers will receive a return of about 60 cents net on each crate. This would be a return of 60 cents for approximately 65 pounds of fresh fruit.

DETROIT WORKER WILL RETURN AS BOOSTER OF 'Y'

Tells Directors Honolulu's Association Finest He's Seen; Budget of \$26,000 Voted

"I thought that we had a pretty good Y. M. C. A. in Detroit, but I'm going back and will tell them all about the Honolulu association. It is the finest that I have ever seen," said David C. Brown, an active worker in Y. M. C. A. circles and a prominent businessman of the "City Where Life is Worth Living," as they call Detroit—in Detroit. Mr. Brown made this statement at the dinner and meeting of the Y. M. C. A. directors, trustees and secretarial staff held last evening in Cooke Hall.

Last night the committee decided on the budget for the coming year, and reports were received from the men in charge of the different departments. In the absence of Frank Atherton, president of the Y. M. C. A., W. G. Hall presided. The trustees and directors present were R. H. Trent, W. G. Hall, Robert Anderson, C. H. Atherton, Ed. Towse, C. B. Ripley, W. A. Love, George C. Potter, H. M. von Holt, James Wakefield and Prof. A. L. Andrews.

After the banquet reports were received from Jay A. Urice of the educational department, William Orie of the intermediate department, J. A. Robley of the work in extension, Charles F. Lougla, boys' work secretary, A. E. Larimer, men's department; Floyd H. Ehmans, business secretary; Lloyd R. Killam and Paul Steel, Oriental department, and Richard Whitcomb and Rolla K. Thomas of the fellowship departments. General Secretary Paul Super also spoke on the work of the Y. M. C. A. in general.

A budget of \$26,000 for the work of the next eight months was voted. Of this amount \$20,000 is expected from receipts and \$600 from subscriptions.

GIRL STENOGRAPHERS IN WIRE CAGES URGED AS A SAFETY DEVICE

BOSTON, Mass.—Mrs. Charlotte Smith demands that girl stenographers be kept in wire cages while working. Mrs. Smith was addressing a meeting of the Women's Homestead Association, of which she is president. She said:

"Just as soon as the stenographer enters the office the employer orders her, draws out a box of candy and gets nearer. A young girl can't do anything but bear it. Many a girl is afraid to resent it on account of her position. These old sinners take advantage of it. It's got to stop. I would have a law passed that no man can have a female stenographer in his office without a wire cage surrounding her."

Mrs. Smith also hinted darkly: "You don't know all that I do."

Mrs. Frank W. Page said, however, that if wives gave their husbands a little more affection no wire cages would be needed.

A plea of not guilty was entered in federal court today by Leong Ming, Chinese, who was indicted by the special federal grand jury on a charge of having opium in his possession. The defendant has been released on his own recognizance until 10 o'clock tomorrow morning, at which time bail probably will be fixed.

An On, Chinese, charged with selling liquor without a federal license, entered a plea of not guilty in federal court today. Defendant was released on his own recognizance until 10 o'clock tomorrow morning, at which time bail probably will be fixed. The case has been continued until called up.
